

### **Isolation Creation Worksheet**

# Making musical art!

This week your creative challenge is to create art about your favourite piece of music.

#### Things you could use to make your musical art:

<ul> <li>A phone, iPad, tablet or camera to record your movements to music or to create a play list about your favorite picture.</li> </ul>
Pens , pencils, oil pastels or chalk pastels, paints and paper.
Collage material (coloured paper, or pictures or paper torn or cut from old magazines) glue and scissors
Things you find around the house like food or fabric - you could take a photo of your finished picture!

#### Making your musical art:

1) Wassily Kandinsky, Composition VII

This week your creative challenge is to make a piece of art about your favourite piece of music - like artist Kandinsky!

You could start by listening to your favourite piece of music with your eyes closed.

How does the music make you feel? Happy? Sad? Calm?

You could paint or draw while listening to the music.

#### Share your work with us at #tngcreate2020

## Making musical art!

2) Paul Klee, In the Style of Back

You could start your picture like artist Paul Klee began each painting.

Draw a square triangle or circle on a blank piece of paper and allow the shape to grow and change as you draw.

This piece is based on the layers of sound of composer Bach's music.

3) Henri Matisse, Jazz

You could move to the music - what shapes can you make with your arms and body?

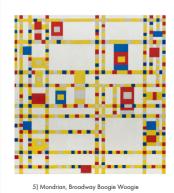

You could create your dancing shapes by cutting out paper like Matisse.

4) Stuart Davis, Swing Landscape

You could use lots of bright and contrasting colours like Stuart Davis and add in some objects and shapes.

This piece was inspired by Jazz music.

You could choose a picture or photograph you like and create a music playlist about the picture.

This painting is called Broadway Boogie Woogie - can you find some Boogie Woogie music to listen to?
